

## **GIANETTI NAVETTA 21 - 2009**

**Asking price: EUR 1.200.000 VAT not paid**

### **MAIN CHARACTERISTICS**

Year:	2009
LOA:	Mt. 20.45
Beam:	Mt. 5.60
Draft:	Mt. 1.40
Displacement:	Kgs. 42 000
Fuel tank:	Lt. 7 500
Water Tank:	Lt. 1 500
Engines:	2 x 715 Hp CUMMINS
Engine Hours:	396 hrs. (Feb. 2013)
Max. Speed:	20 Knots
Cruising Speed:	10 Knots
Generators:	1 x 17.5 kW Onan
Lying:	Italy
Material	Reinforced fiberglass
Guest	6 pax. in 4 cabins
Cruising:	16 pax.

Crew

2 members in 1 cabin

### **DECK AND EXTERNAL FITTINGS**

S/S Hand rails for deck and fly  
2 X Gates in S/S on aft platform access  
2 X S/S pillars for fly support with inside scupper for fly  
2 X Hose pipes for anchors  
2 X Anchor plates recessed in the side of the hull  
2 X Anchors 60 Kgs. each  
2 X 100 Mt. chains 10 mm  
4 X Main cleats  
2 X Hose pipes with cleat inside at middle ship  
2 X Hose pipes on bow area for ropes mooring  
2 X Fairleads on the aft for ropes  
2 X Side doors pantograph  
1 X Hatch from inside to flying bridge access  
1 X Hatch on VIP cabin  
1 X Hatch on crew cabin  
1 X Pantograph door on transom to crew cabin  
14 X Portholes in S/S and glass  
1 X Windshield in plexi for fly  
1 X Complete set of windows to be glued on fiberglass and hull as per GA  
1 X Complete set of canvas for windows  
1 X Saloon sliding door in S/S and glass  
2 X Windlasses 2000 W  
2 X Capstans 1000 W  
1 X Swim ladder manually operated  
Teak on swim platform  
Teak in cockpit  
1 X Set of sunbathing cushions on front deck cabin  
1 X Set of sunbathing cushions on fly  
1 X Set of furniture for fly (pilot seat, locker, table etc)  
Flag pole  
Navigation lights  
Horn  
Set of antennas as per navigation package  
2 X Grids for engine room ventilation  
Lights on ceiling of cockpit watertight type  
Lights on ceiling of side corridors watertight type  
Courtesy lights all around the walk, swim platform etc

### **UNDERWATER / TRANSOM**

2 X Struts (shaft supports) in bronze  
2 X Shaft of suitable diameter  
2 X Props  
2 X Rudders  
1 X Full set of Zincs  
2 X Trim tabs with angle indicator on fly and helm station  
2 X Exhaust on transom for boat idle  
2 X Exhaust underwater in FRP

1 X Exhaust for generator  
All water inlet and outlet  
Bottom epoxy primer + antifouling  
Big Anodes to connect ground plant and small anodes on trim tabs and props  
Electric bow thruster 225 Kgf

### **ENGINE ROOM / LAZARETTE**

2 X Engines Cummins 670 Hp  
Engine hours 396 (Feb. 2013)  
8 X Engine's silent blocks  
1 X Generator Onan 17.5 KW  
2 X Fuel filter (Racor or Separ) + 1 for generator  
S/S mixer for engine outlet to connect to underwater exhaust  
1 X Water separator for generator exhaust  
2 X Tanks in aluminum (or fiberglass) to get the maximum load of Diesel (7.000 lt.)  
1 X Submersible bilge pump with two floating switch  
2 X Shaft seal in graphite  
1 X Main switch board  
2 X Fans with shut off grid connected to fire fighting system  
1 X Shutoff valve for fuel supply connected with fire system  
2 X Compressors for air conditioning + pumps  
Full insulation of engine room against fire and noise  
2 X Seawater cock with filters for main engines and emergency suction  
2 X Seawater cock with filters for all other duties put together with manifold  
2 X Freshwater pumps with by pass for use in alternance  
1 X Tap for fresh water in engine room  
1 X Water heater 50 Lt  
Flooring in FRP  
4 X Lights neon type 220 V  
4 X Lights 24 V  
1 X Manual / hydraulic unit for steering (autopilot pump)  
1 X Electric / hydraulic unit for trim tabs  
2 X Rudder holder with reinforce  
1 X Connecting bar  
1 X Emergency bar  
All pipes, pipe fittings, hoses, mufflers, etc

### **ELECTRICAL PLANT**

Main switch board in engine room containing all the power switches  
and remote controlled relays  
Switch board in the pilot house for the daily and navigation uses  
One fuse box inside the locker of each room to protect the use of that room itself  
On each switch board must be printed the logo of GY  
Alarm panel for water in bilge and smoke in engine room  
2 X Set of engines electronic instruments supplied by engine supplier  
1 X Fuel level gauge for fuel tank  
1 X Water level gauge for fresh water tank  
Level gauge for black water indicating three position: empty, half, full  
Macerator commanded manually to pump out the black water

All interior lights  
All switches, plugs etc of Wimar type  
Shore power Marinco  
2 X Electronic rectifiers 80 A  
3 X Battery switches + generator battery switch  
2 X Engines batteries for engines start 220 Ah each  
6 X Batteries 220 Ah for services  
1 X Battery for Generator 100 Ah  
1 X Inverter 1500 W  
All cables CE marked  
Cables laid in suitable rails in PVC

### **ELECTRONICS AND NAVIGATION EQUIPMENT**

1 X VHF double station Raymarine (240 E)  
2 X Screen E120 in pilothouse Raymarine  
1 X Screen E120 on fly Raymarine  
GPS Plotter Raymarine  
One Echosounder sender under the bottom  
2 X Threedata instruments in pilothouse and fly (ST 60 )  
Autopilot 7001 Raymarine  
Raymarine radar  
Radar antenna in enclosed radome Raymarine  
1 X Search light installed on radar arch  
2 X Wipers pantograph type + wash  
Horn electronic  
Full set of navigation light + anchor light  
Compass on both fly and pilothouse  
Alarms on Nav lights, Bilge water, smoke in ER

### **GALLEY EQUIPMENT**

1 X Fridge + Freezer  
Oven  
Cooking plate in glass 4 burners  
Dishwasher  
2 X Stainless steel sink of good quality  
Mixing tap with shower  
Cupboards  
Galley top in Corian or Marble  
Floor in wood stripes

### **CABINS ARRANGEMENT (Each Cabin)**

3 Guest Cabins, (1 Owner's + 1 VIP + 1 Guest)

Bow and Stern thrusters

Port and Starboard watertight lateral doors next to saloon and galley  
Double Anchor set  
1 X 120l/h water maker  
Teak throughout in exterior (platform, cockpit, flying bridge and walk around)  
Exterior teak furniture

### **BROKERS COMMENTS**

Another model of the fuel-efficient GIANETTI NAVETTAS family, for comfortably cruising the Mediterranean.

The semi-displacement NAVETTAS with long range of cruising speed around 10 knots, are our answer to the elevated costs of use and management of yachts as they've been conceived for the past 30 years.

The principal characteristics of these NAVETTAS are their great autonomy and habitability, low consumptions to cruising speeds but at the same time the possibility to relatively reach elevated maximum speed so that you can rapidly sail away from poor weather conditions, which a displacement hull cannot do.

The lines are classical but at the same time fresh and simple, as their inside leaves no space to useless frills, but they maintain that simplicity and that class that reveals their elegance.

Yacht in splendid condition, viewings highly recommended.
